Whole House
Water Filtration System

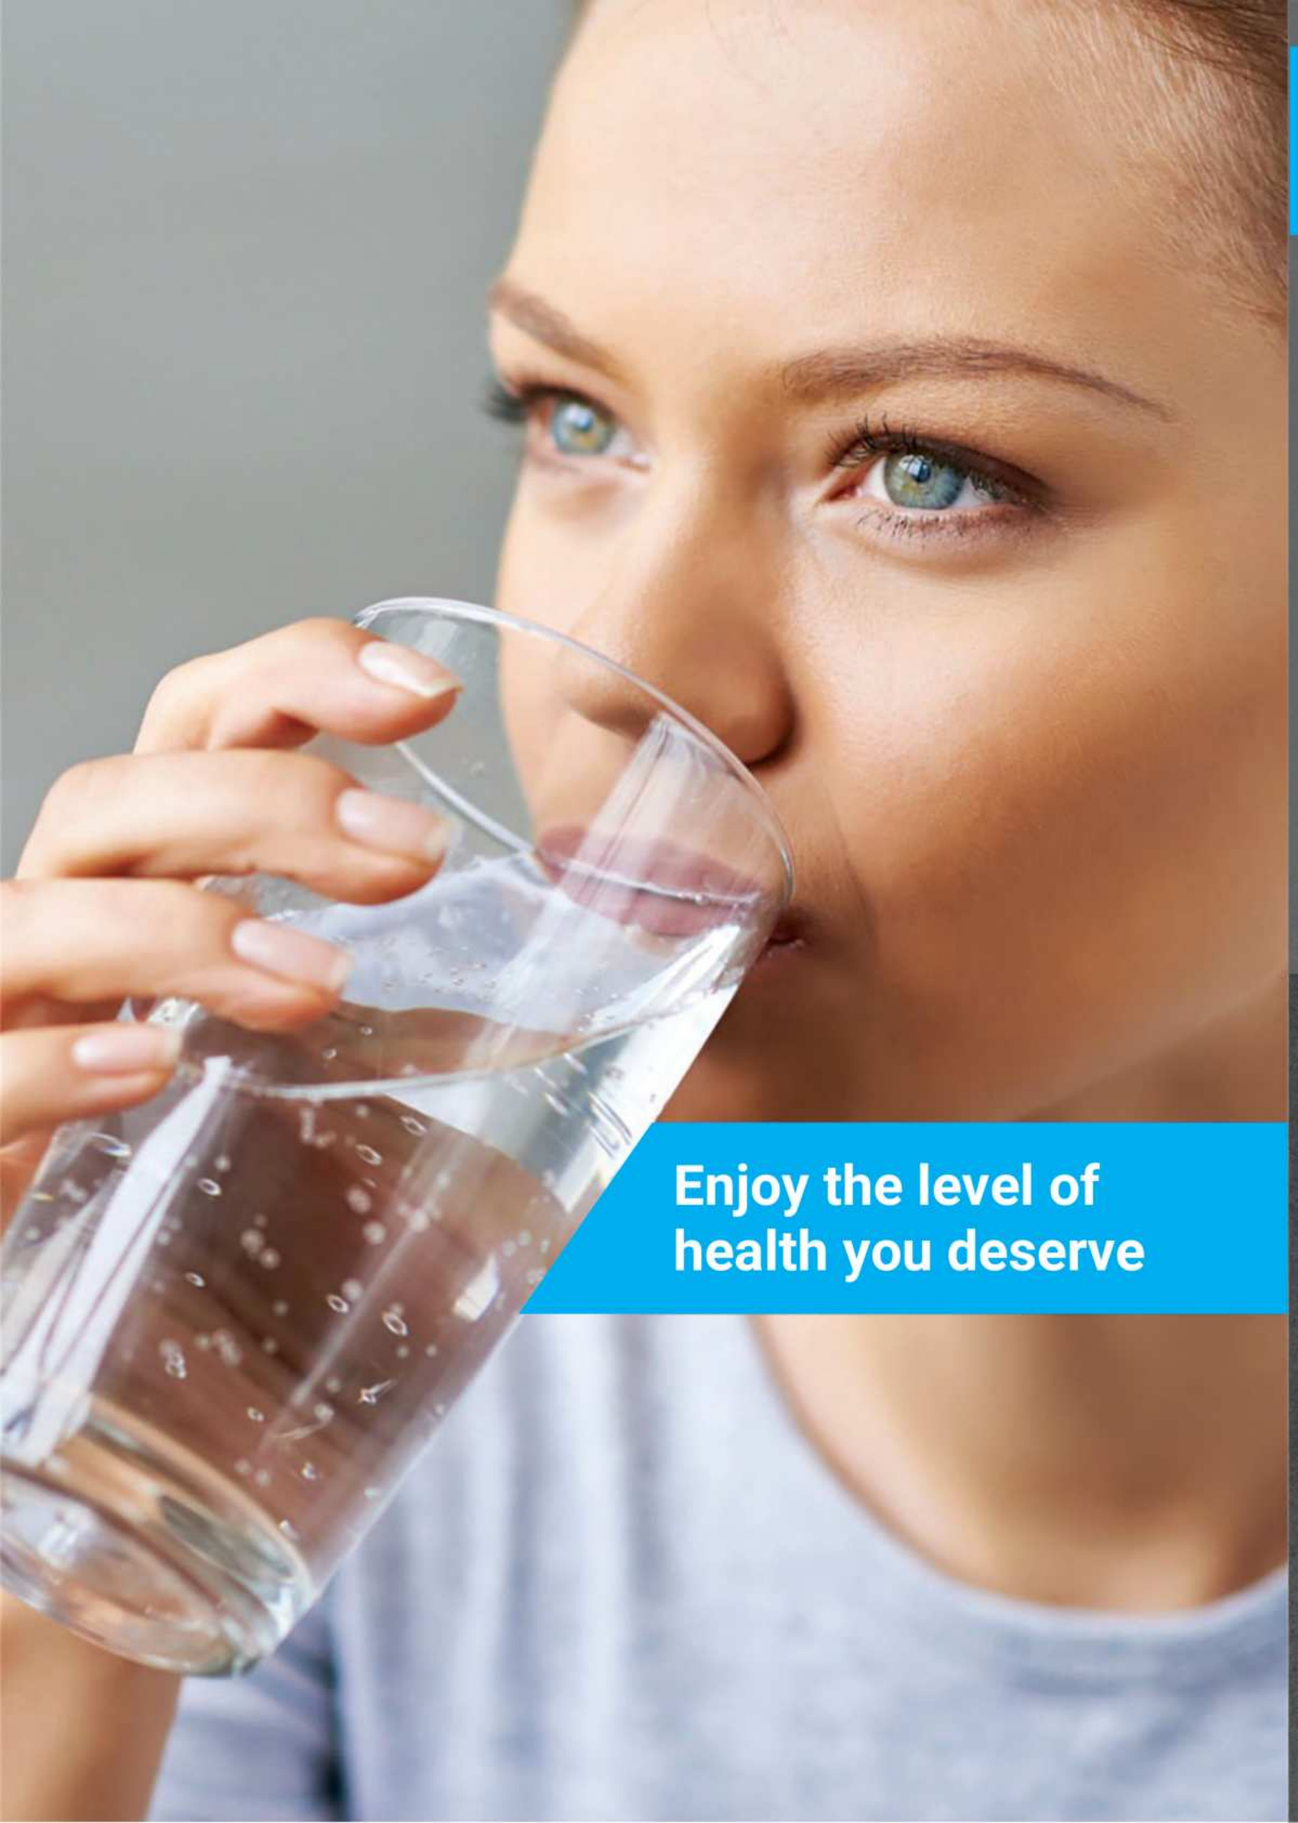

VIVA

Pure Water. No Compromise. Advanced Home Water Filtration.

Life is too short for mediocrity. Elevate your lifestyle with superior standards. Water, the lifeblood of your everyday, significantly impacts your quality of life. Pamper your body with what it truly deserves - pure, high-quality water. After all, better water means better living.

Embrace the future of water purification with Viva. Our whole house water filtration system is designed with state-of-the-art technology, delivering the cleanest, purest water straight from every tap in your home. It’s time to stop using your body as a filter and start enjoying the peace of mind that comes with superior water quality. With our whole house filtration system, every sip is a testament to purity.

Enjoy the level of health you deserve

Features

5 YEARS PARTS WARRANTY

Easy Installation Clip (Cover)

- No screws needed for hassle-free installation
- Simple hold-and-press clip mechanism
- Saves time with no additional tools required
- Eliminates potential risk of rusty screws

(Optional) Back Cover

- Ideal for ground mounting
- Provides complete protection for the housing system
- Available at a nominal extra cost

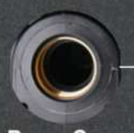

Fully Covered

- Protects all gauges from potential damage
- Dedicated space for filter change tools for easy access and management

Stainless Steel Cover

- Durable and long-lasting
- Provides UV protection
- Anti-corrosion feature ensures longevity
- Sleek and modern design enhances aesthetics

Brass Connector

- Heavy-duty design to handle higher water pressures
- More resilient than plastic connectors, won't crack easily
- Anti-corrosion property prevents second-time contamination

Full-sized and Genuine 20 inch x 4.5 inch Housing

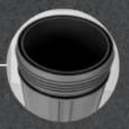

- Double the water contact surface for enhanced performance
- Extends filter lifespan, resulting cost savings
- Made of food-grade material for safety

Stainless Steel Glass Gauge

- Designed for longevity
- Equipped with UV protection and anti-corrosion features

Double O-Ring

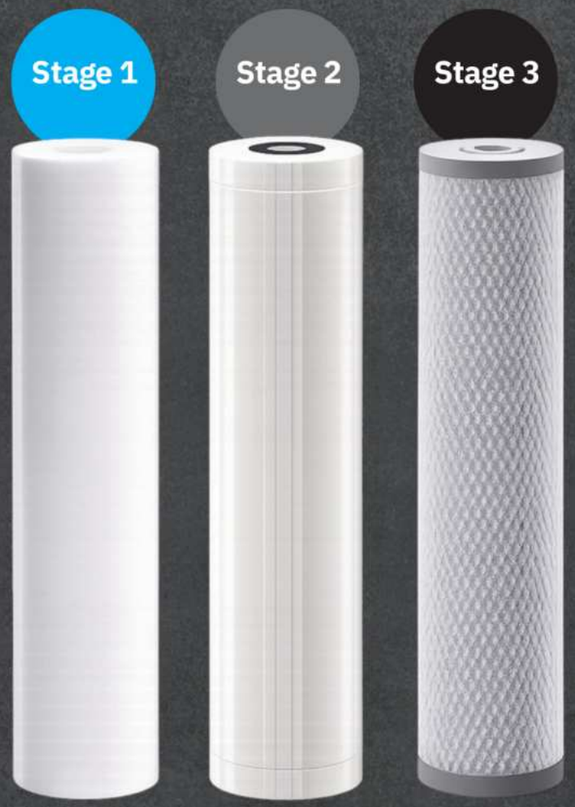

- Expertly designed to prevent leaks.
- Offers a dual layer of safety for enhanced security.
- Ensures users are doubly protected against potential malfunctions and water wastage.

Stainless Steel Frame and Housing Enforce Plate

- Built tough to prevent pipe breakage during filter changes.
- Offers superior durability compared to plastic-only frames

VIVA

Whole House Water Filtration System

Elevate your home's water quality with our sustainable filtration solution. We prioritize stringent safety and superior purity, ensuring every filter change provides a fresh start for your health.

Sediment Filter

- Uses advanced 3-layer technology for optimal water flow
- Achieves up to 1-micron filtration accuracy
- Made of food-grade material for enhanced safety

Heavy Metal Reduction & Taste Improvement CarbonFilter

- Features KDF 55, which effectively reduces heavy metals
- Contains natural coconut carbon for superior taste and longevity
- Ensures a lifespan of up to 18 months
